## **DECLARATION PURSUANT TO 37 C.F.R. § 1.131**

Dear Sir:

We, Jianzhong Jiao, residing at 23161 Mystic Forest Drive, Novi, Michigan, 48375, and Matthew A. Lekson, residing at 16720 126th Pl NE, Woodinville WA, 98072, hereby declare:

- 1. We are the named inventors on United States Patent Application Serial No. 09/513,040, filed on February 25, 2000.
- 2. The invention disclosed in the above-captioned patent application was conceived and reduced to practice prior to April 16, 1998.
- 3. Accompanying this Declaration is an Appendix containing a photocopy of pages of our laboratory notebooks and design documentation illustrating a reduction to practice of our invention.
  - 4. The invention was conceived and reduced to practice in the United States.

- 5. The date has been redacted from these photocopies; however the date is before April 16, 1998, the earliest possible filing date of any of the subject matter disclosed in United States Patent Number 6,155,694.
- 6. We hereby declare further that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
